EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Timothy Lohse on July 8, 2009.

The application has been amended as follows:

Please replace the following claims:

1. (Currently Amended) A method for conducting a transaction using a medium based on a receipt having payment remittance information, comprising:

enabling a payor to authorize a payment due on the receipt to a payee;
associating, using a processor, the payment with the payment remittance information;

communicating, using the processor, the payment instructions directly to the payee to initiate payment of the amount; and

wherein the payment remittance information is arranged within a data structure, the data structure comprising one or more data fields to hold data that the payor can enter, and the payment remittance information further comprises a structured remittance data that is kept hidden from the payee.

2. (Currently Amended) A method of executing computer-executable instructions residing ~~in or on a processor using a medium~~ and executed by a processor, comprising:

Art Unit: 3691

storing a receipt and a payment remittance information in a memory, the payment remittance information comprising a structured remittance data that is kept hidden from a payee;

presenting the receipt to the payee without revealing the structured remittance data;

enabling the payor to specify payment instructions comprising at least an amount to be paid on the receipt and an account at a payor from which to draw the amount while prohibiting the payor from altering data contained in the structured remittance data;

associating the payment instructions with the structured remittance data; communicating the payment instructions from the memory directly to the payor to initiate payment of the amount; and

routing the amount to a payee.
